

2022 August Recess Grassroots Actions

The 117th Congress will adjourn for August recess soon. The House will be out from July 29 to September 12 and the Senate will adjourn from August 8 to September 5. During this time, Representatives and Senators will be in their home districts. This is our opportunity to act and contact them when they are at home in their districts and ask them to support the Metastatic Breast Cancer Access to Care Act (MBCACA.)

This year, one of NBCC's highest legislative priorities is to enact legislation to waive the 24-month waiting period for Medicare eligibility and the five-month waiting period for Social Security Disability Insurance benefits for individuals with Metastatic Breast Cancer.

The Metastatic Breast Cancer Access to Care Act was introduced in the House as [H.R. 3183](#) on May 13, 2021, by Representatives Kathy Castor (D-FL) and John Katko (R-NY). The bill currently has 210 [cosponsors](#). On April 22, 2021, Senators Chris Murphy (D-CT) and Joni Ernst (R-IA) introduced [S. 1312](#) in the Senate. The bill currently has 28 [cosponsors](#).

Now we want to build on the broad bipartisan momentum of these bills and get them passed in this Congress. There are actions you can take to help us reach this important goal:

ACTIVITIES FOR REPRESENTATIVES AND SENATORS WHO ARE CURRENTLY NOT COSPONSORS OF H.R. 3183/S. 1312

- Send an op-ed piece or **letter to the editor** of your local newspaper and/or use social media to ask the Representative/Senator to cosponsor H.R. 3183/S. 1312 (this can be combined with a thank you for members of Congress in the same delegation who have already signed on to the bill).
- Send an email or call the health care policy staff person in your Representative/Senator's D.C. office and ask them to review the bill and recommend cosponsorship when the House and Senate reconvene in September.
